Fall 2018 Chess Semester

Our lessons are an afterschool program. Each lesson lasts 60 min. and consists of instructions, analysis, and tournament games during which students play against each other. Lessons are fun and easy to follow, and include individual instructions. We provide kids with necessary chess equipment (board, pieces, and demonstration tools)for lessons. The 7-week semester costs \$90 (\$50 for second child). All kids receive trophies at the end of the school year.
